

ENVIRONMENTAL POLICY STATEMENT

It is the policy of Sauter Automation Limited, incorporating Wren Environmental Limited, an Environmental Management System designed to meet the requirements of ISO 14001:2015 in pursuit of its primary objectives, the purpose, and the context of the organisation. It is our policy to minimise any impact on the environment by its activities in the design, installation, maintenance and operation of building services in a responsible and accountable way.

We shall:

- Comply with all compliance obligations, codes of practice and all other requirements applicable to our activities including the nature, scale and environmental impacts of its activities, products and services;
- Provide all the resources of equipment, trained and competent staff and any other requirements to enable these objectives to be met;
- Ensure that all employees are made aware of their individual obligations in respect of this quality & environmental policy;
- Manage the reduction of hazards, prevention of injury, ill health, protection of the environment, including prevention of pollution, sustainable resource use, climate change mitigation and adaptation. We shall minimise waste in all areas of our business, as far as is reasonably practical, and promote recycling and the use of recycled materials whilst reducing the consumption of materials;
- Manage energy wisely and reduce, wherever reasonably practical, the level of harmful emissions in order to contribute to a healthy and sustainable environment.
- Regularly assess the environmental impact of our operations with a view to achieve continuous improvement of our environmental performance.

We commit to actively promoting similar environmental awareness and commitment from all our employees and expect similar environmental standards to be achieved by our sub-contractors.

To ensure the company maintains its awareness for continuous improvement, the Environmental System is regularly reviewed by "Top Management" to ensure it remains appropriate and suitable to our business. The Environmental System is subject to both internal and external annual audits.
